Shared Micromobility Leaders Urge Support of Bicycle Commuter Act of 2019

Bill introduced today would reverse suspension of bicycle commuter benefit while qualifying bikeshare in the new definition

WHAT: [The North American Bikeshare Association \(NABSA\)](#) applauds a new bill introduced yesterday that promotes multimodal commuting by reinstating and modifying the Bicycle Commuter Tax Benefit. The bill would expand the benefit to include traditional and electric bikeshare options.

In addition to bikeshare eligibility and allowing multimodal benefits, the revised bill includes:

- A pre-tax wage benefit for employees instead of a reimbursement
- Opportunity for employees to receive a bike benefit up to 20 percent of the existing parking benefit

WHY: This policy integrates bikeshare further into the fabric of public transportation options, making bikeshare more accessible for everyone.

WHO:

- Bikeshare and micromobility industry experts from the [North American Bikeshare Association](#)

INTERVIEW: To schedule an interview with NABSA Executive Director Samantha Herr, please contact Arturo Garcia: arturo@gomixte.com, 619-496-3053.
