WHAT PEOPLE ARE SAYING

“Today, the discoveries and ventures within the micromobility sector make the NABSA conference a dynamic and ever-changing venue where everyone can come and learn from the latest developments in the sector. On that note, it should be remembered that nothing like NABSA exists beyond North America, so the potential for the association to become the leading policy maker for bike sharing at a global level is real. NABSA is without doubt the global bike sharing conference world-wide.”

Kristian Blink, formerly nextbike

“PBSC was happy to sponsor the 2017 NABSA conference as it took place in Montreal. The NABSA conference is a unique occasion to exchange with all the North American Bikeshare stakeholders and great opportunity To spend time with many of our clients at the same time and meet Bikeshare colleagues.”
