

**North American Bikeshare Association
2021 Virtual Annual Conference Scholarship
Application
October 27 - 28, 2021**

The North American Bikeshare Association (NABSA) values the presence and contributions of people from a diversity of backgrounds and organizations to make this conference a success. We don't want cost to be a barrier to participation. In partnership with the Better Bike Share Partnership (BBSP), we are offering scholarships to conference attendees.

Assistance is available in the form of a discounted or no-cost conference registration ticket.

Eligible recipients include city, advocacy group or community-based organization staff or volunteers focusing on shared micromobility (bikeshare, shared e-scooters, biking infrastructure, etc.) and equity, or others focusing on the intersection of social justice and transportation as part of their primary work.

Applications will be reviewed and awarded on a rolling basis; we will not consider requests for scholarships after October 1, 2021.

Applicants must:

- Demonstrate that their professional work is in the area of shared micromobility, bikeshare, bicycling, transportation, social justice, or related field
 - Demonstrate that scholarship assistance is necessary to allow them to attend this conference
